

ProCare Time Clock

Track time and attendance of employees or children with the timeclock from ProCare. [Payroll calculations](#) and [accounting](#) are a breeze with add-on software modules.

Interior door security

The ProCare Time Clock allows only authorized persons with personal identification numbers to enter through an interior door when used with an electric door strike (not supplied).

More than just a timeclock

Our timeclock system acts as an information hub reporting messages, immunizations due and customer balances for families or employees. [Learn more about ProCare Time Clock features and pricing.](#)

Take charge of time tracking today!

[Call us](#) and start saving time now. Let the ProCare Time Clock automatically calculate your [employee hours](#) and [child attendance](#).
